thing About Three Very Rich PREFERENCES AND WAYS OF WELL Special Correspondence

KNOWN PASSENGERS. WASHINGTON, March 22-1 saw some \$125,000,000 leaning against a section of the senate wall, not larger than four feet wide. Diffident Jay Gould, the Two Fields and and six feet high, not long ago. The wail stood the weight very well, and the two men Russell Sage-Women's Ways-Funny Ways of the Absent Minded-A Peculwho represented it did not appear to be heavily burdened. They were Leland Stan-ford, of California, who is said to be worth far Physical Effect. \$7,000,000 and James G Fair, of Nevada, 5,000,000 and James G Fair, of Nevada, he is said to be worth \$50,000,000. The two illuminous wors talking exposely together. When they get absord a train, Gen. Grant millionaires were talking earnestly tegether. Stanford had his hands in his pockets, and Fair was fingering his black watch chain.

Some of the best known men in town have always used to try to get the first sent in the neer with the utilist interest. Some of his friends thought time he took that seat to escape staring eyes, but it wasn't s , for he wore purple or fine lines, and their two suits together cost probably not more than \$70. They were no jewelry, and I noted that once said that it seemed marvelous to him how an engineer could, by just a little touch that called for proapparent exertion, control a train so quickly, and he liked to watch him When Jay Gould takes a train, as he very

ON THE ELEVATED.

often does, he sinks into the first vacant scat he sees, and seems as diffident and shy as a on gray. Stanford's hair is dark brown and is beard has a reddish tinge. Both men are young lover. He must know that men are constantly resulting him out to one another, frequently rides with him, but they say but little to each other. Mr. Gould always seems to be in a brown study, and no one would think that he notices anything that is going on. But the train men now know that i sees everything, and makes a mental note of such things as he thinks worth suggesting to Mr Hain. He always has a pleasant word sor, William M Stewart, the other day. and his hair is now as white as snow. His for such train men as he knows beard is a great long bunch of frosted silver.

DAVID DUDLEY FIELD

DAVID DUDLEY FIELD. and the top of his head bids fair to become baild if the thinning process continues to go on looking out at the rapidly changing panorama. with advancing years. Nevertheless, Senator of front windows. He frequently will ride Stewart is a fine leaking man. He is fully down town or up town, for he walks one way six feet tall, is as straight as a Norwegian quine, and weighs, I should judge, nearly 200 outside spectacle. Cvrus W. Field, on the pounds. He has a rosy, fair complexion, blue other hand, always lesiks through the car to eves, which look out under white brows, see if there is any one on board whom he and regular features. I saw him talking with Senator Fair and I noted that the two men were of about the same build. Senator Stewart is now 60 years old, and it is a generation since he was elected to the senate as the first senator from Nevada in 1864. He served that they have been some of the tew men who talk much, first senator from Nevada in 1864. He served then tweight was and he left the senate to rethen tweive years and he left the senate to restde in San Francisco. He lives very finely there and is a man of wealth. His house, which the Chinese legation occupies here, is a castle in appearance, and it rents for a sum the clevated to the daily papers. Sage reads the market reports through, glances with the equal to the salary of the chief justice of the United States. Senator Stewart is a man of lines of the news items, runs over the editormuch education and culture. He is a graduate of Yale, and western men tell me he is one of the finest lawyers on the Pacific coast. He is a self made man, and began life as a farmer's boy in New York. He taught school for the money which sent him to college, and went west at the beginning of the seat as those from our of ten sit on the edge of the seat as those from the interest as those from the sent to college, and went west at the beginning of the seat as those from the care of the car taught school for the mone which sent into the school for the mone which sent into college, and went west at the beginning of the seat as though getting ready to jump in the sent and made another, and repeated the experience several times since then, though his wealth at present is said to be much less than when he was in the senate before, and when he built the makes which is so valuable. when he built the palace which is so valuable now, but which was so long known as Stewart's folly. He will be an important addition to the Republican side of the chamber, and lens to the Battery tor pleasure. A young lens to the Battery tor pleasure. A young but there was one coupse who coupsed which a coupse who coupsed which a coupse who coupsed which are coupsed which a coupse who coupsed which a coupse who coupsed which a coupse who coupsed which are coupsed which a coupse who coupsed which a coupse who coupsed which are coupsed some years. Neither of them had ever seen the elevated road, and so they decided to take

Women's Estimate of Women. | Special Correspondence.] | Their weshing trip on it. After they were married they drove to Harlem bridge and the season of German opera here Fran Brandt, there took the train to the Battery. They the great German singer, was stopped in the wanderest around awhile, went to a restaurant the great German singer, was stopped in the midst of the most serious and impressive scene of "Fidelio," Beethoven's only opera, by a silly laugh from a girl who was chatting with some equally trivial young man in one of the ground floor boxes. The laugh came in at a critical moment, was beard all over the some almost consciousness left her, she was obliged to break the scene, and could hardly revover herself to get through the rest of her work.

There are still people to whom a visit to the opera, which costs \$4 for a single criciest. There are still people to whom a visit to the opera, which costs \$4 for a single criciest, and even a night at the theatre, is worked for and anticipated as a great event,

office."

The estimate which fashionable women in the most notable amateur theatrical performances of the season, given at the Madison to neutralize the effect of alcoholic stimulant, Square theatre for a charity by the kindness of Mr. A. M. Palmer, and consisting
wholly of little one act plays written or
translated by Mrs. Burton N. Harrison. The
motives were, in one case, drawn from the
scare of a wearant at a mouse; in another,
from fright at being left alone in a room at a
hotel; and in a third, from the falsehood told from fright at being left alone in a room at a from the Eattery to Fifty-ninth street, will by a "rosebud" at a "four o'clock tea" in or
say that in nine cases out of ten a root, say that in nine by a "roseland" at a "four o'clock tea" in or- shower tath, and men who could hardly er to obey the command of her managing walk when they bearded the train often get mamma and not let "conversation flag" when up and leave the car without any visible of she had secured an eligible party as listener, feet of their potations in their walk. There still another plays upon her husband with is one effect which the employes always ber tears in order to secure the gift of a pair dread, and that is the motion of the train of diamond earrings, for which in reality she always tends to put a man with any alcohol does not care but which some other woman in him to sleep. If they get thoroughly has told her she ought to have.

Always we have in the sleep. If they get thoroughly has told her she ought to have.

But always we have been in the sleep. If they get thoroughly has told her she ought to have. ance—not because the sleepy one is ugly, but because he is very tired. Nor is this restoracorner of the car, rest his chin on his bos

and sleep. In half an hour, he says, he is as fresh as when he awakes in the morning. Employes say that life on the road has one curious effect upon their bodies. It makes flesh, especially in the abdominal region. As one gateman put it, "the living skeleton himsuld get fat here, if he stayed a year." Many of the employes when they began ser vice were slender men, but those who have been any length of time on the road, either at the station or on the trains, find themselves gaining flesh. It is their belief that the constant jarring and vibration is the cause of this, and as railway engineers almost invariably grow stout, there is probably some

the elevated is the attempt to eat. Many of the employee have to snatch their meals between stations, and it is a wonder it doesn't make them all dyspepties. I was riding up one evening after the rush was over, from One of the most trying incidents of life on the elevated is the attempt to eat. Many of the employes have to snatch their meals be-Rector street, and the brakeman, as soon as we started, opened his basket. He was a man of some humor, and he said to me, Now for a fever and ague supper. It gives me the shaker to cat it, but it's either eat now or go hungry till midnight."-New York Sun,

DIXEY AND HIS DOG.

A Story About Them and About Mme, Pattl. Too.
Mr. Henry E. Dixey is the owner of a St. and, after the fashion of the bruit that was platonically attached to Mary, this dog ac-companies Mr. Dixey wherever Mr. Dixey goes. Twice across the occan and all over this continent makes Prince the most extensive traveler of the canno kind. Day before yesternay Mr Doney and his levisation deg were having a round through the four or five rooms occupied by the Cain Dixey at the Hotel Rudseller. First Mr Doney would shut the dog up in the folding had and nobe thouself in the warshabe, toou the  $\deg$  would break away from the rolding beyond begin limit for Dixey, immoranely togons, over tables and chairs, as limingroundy breating the crockery, and still more how reacly a

tion, joy, etc. This play lasted for about an hour, Mrs. Dixey string in the fract room menuwhile smiling contentedly and tillnking to herself how much better it was for Henry to be pessang a quicthis time in the company of fravelens men-ni-cut town. But More Putti, whose upart-ments at the Richetten are located directly under the Disey resus, must have thought differently, for while Mr. Disey and his dog were in the midst of their gental sport -or, we might say, while the festionic-wore at their height—there came a knock at the door and Mme. Parti's maid Hortense, looking like A celebrated miniature painter who was sage: "Mme, Patti complemorges Mine, Dextasually hard up sometimes consented see, and will Mine. Dix-see have ac gos-in-to take a pupil to help inflate the cash account, though much against his in-Mr. Dixey was highly indigunal, by di account, though much against his in-clination. A wealthy gentleman called at not care so non-h for himself, but the healt to the studio one day and begged the artist to take his son, a young man of 16, as Next morning, as he lay in his best he beggin to take his son, a young man of 19, as a pupil, promising to pay handsomely for the instruction. The boy was admitted for the sake of the money it would bring, but, much to the painter's disguist, it was if some the term of the first principles of drawing.
